Re: Jason Klein v. Goodyear Tire & Rubber Company
Our File No: 02-4253

Dear Ms. Barnes:

I spoke again with Jason Klein concerning your second reminder relating to the patent.

He indicates that he had previously discussed this matter with Doug Woods, and although he does not want to hold up anything as it relates to Doug Woods, the economic incentive in this for him as far as Goodyear Tire & Rubber Company is concerned does not make it a high priority item for him.

He informs me that he continues to work on it and is in discussion with Doug Woods, but that is all the further he is willing to go at this point.

Yours very truly,

ANDERSON, CREAGER &
WITTSTRUCK, P.C.
